<u>#1</u>	Heifer	2/7/13	I-80	Uno Mas (Charolais Cross)

Shaggy, deep bodied, structurally correct. Have fun with this one. Breed to Charolais to get smoky calves.

<u>#2</u>	Heifer	4/25/13	Grizzly	Heat Seeker/Angus
-----------	--------	---------	---------	-------------------

This young, sweet little thing is out of maternal simmental bull, Grizzly. She is freaky fronted, smooth shouldered, good depth of rib which will only get better. Has good hair and is a good-structured female. I'd rather show her than be showing against her.

-----------	-------	-----------	----------	------------------

Top, top bloodlines here. This is a showy, heavy boned son of DF Vegas (the sire of numerous National Champions) and our "Fancy" cow who was 2008 Worth County Fair Champion heifer calf and 2009 Champion Breeding Heifer. "Fancy" is a 3/4 sister SULL Bo Diddley who sold for \$73000 in 2010. Her other calves include the 2010 WCF Champion Heifer Calf and the 2013 WCF Reserve Champion Breeding Heifer. This steer will really catch the judge's eye with his color, confirmation, and balance.

He is an absolute sweetheart and will make a wonderful project for a younger 4-H' er. Grows fast and will have good carcass results. Can be papered Charolais Composite.
