#7	Heifer	3/9/16	Mercedes Benz	Oakbar Maya Bo
-----------	--------	--------	---------------	----------------

Beautiful blue roan colored heifer with tremendous thickness, correct structure, and carrying the legendary Myrtle Bo maternal bloodlines. Her dam and grandam (2X) were both Champions at the Worth County Fair and have become excellent producers for us. First time we've crossed this cow on a Maine bull and we're very pleased with the result. This heifer can be dual registered as Shorthorn Plus and Maintainer.
